

PS2 SOFTWARE DOWNLOAD GUIDE

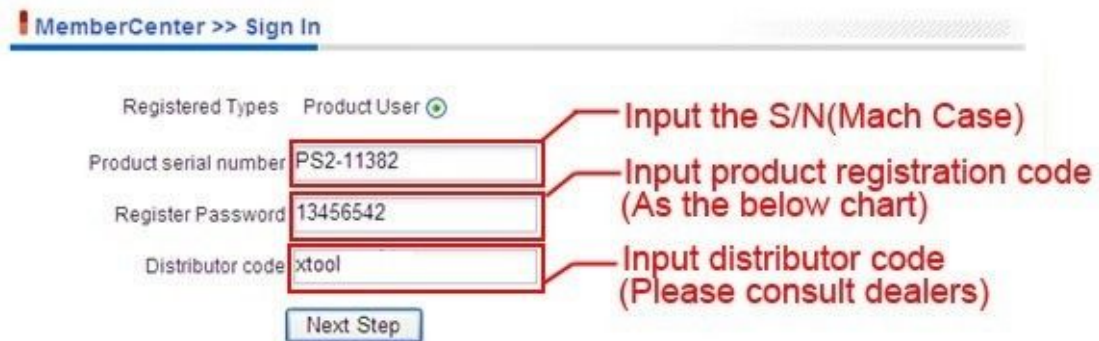

1. Open a browser, enter the URL <http://www.xtooltech.net>, and then choose English version

2. Click the top right corner site "Register", enter the registration page. Please sign in straightly if you registered before

3. Write down product serial number, register password and the dealer number, and click "Next Step"

A screenshot of a registration form titled "MemberCenter >> Sign In". The form has a "Registered Types" dropdown menu set to "Product User". Below it are four input fields: "Product serial number" with the value "PS2-11382", "Register Password" with the value "13456542", and "Distributor code" with the value "xtool". A "Next Step" button is at the bottom. Red boxes and arrows point to each input field with instructions: "Input the S/N(Mach Case)" for the product serial number, "Input product registration code (As the below chart)" for the register password, and "Input distributor code (Please consult dealers)" for the distributor code.

Please Power the mainframe with VCI box by cable (not wireless connection), then get the register password

4. Enter a user name, password and mailbox, Click "Submit"

The image shows a 'MemberCenter >> Sign In' form. The form has four input fields and two buttons. Red boxes and arrows highlight specific parts of the form with the following annotations:

- User Account:** The input field contains 'jack'. An arrow points to this field with the text 'Input the User Account Number'.
- Password:** The input field contains six dots. An arrow points to this field with the text 'Input the password'.
- confirmPassword:** The input field contains six dots. An arrow points to this field with the text 'Input the right personal email'.
- Email:** The input field contains 'jack@yahoo.com'.

At the bottom of the form, there are two buttons: 'Enter' and 'On step'.

5. suggesting successful register, click the "download center".
